TED UNIVERSITY
Life at TEDU
tedu.edu.tr
TED University Campus offers all kinds of high-quality environments that our students may need in social, cultural, artistic, and sports contexts. Our members can use the TEDU Sports Center free of charge after submitting the documents required for membership to our Sports Center. Besides, group and private lessons are available in our facilities with our expert staff.

Indoor Swimming Pool
The indoor swimming pool has semi-olympic features and is 25m-long, 12m-wide, and 2m-deep. It has 5 lanes. The indoor swimming pool is on the B1 floor of Block E.

Fitness Center
Various cardio equipment, weight machines, and free weights are available in the fitness room, meeting the needs of everyone who wants to exercise. The fitness center is on the 1st floor of Block E.

Prof. Dr. Rüştiyi Yuice Sports Hall
Our gymnasium is of regular size and hosts many competitions. It can be used by TED University members at times determined. Necessary sports equipment (ball, net, etc.) are provided by our university. Our gym is located on the ground floor of Block E.

Sports Studio
In our sports studio located on the B2 floor of Block E, group lessons and private lessons take place.

***Covid-19 Measures at TEDU***

Due to COVID-19 pandemic, several measures such as keeping appropriate physical distance, maintaining personal hygiene, mask use, and following sanitation standards have been implemented throughout our campus. The activities carried out in this process and the rules to be followed on the campus can be found at the link below.

***Transportation***

TED University campus is in the city center and equidistant from everywhere. With its location at the intersection of the transportation network, it provides easy access to its students.

TEDU architecture offers our students a comfortable and comfortable educational space that encourages work. Our university, which equips its infrastructure with advanced technology, gives confidence to our students with the most efficient, useful, and fast technical facilities.

***Catering Services***

There are cafés (Chill-in and Coffee Break) and a dining hall (Diner by Coffee Break) serving TED University students on our campus. Our students can use these cafés and cafeterias for their food and beverage needs. In addition, our cafés allow our students to spend time socially. In addition to these, our students can also benefit from the food and beverage vending machines located at various points on our campus.
In that regard, TEDU Without Barriers Unit provides services such as academic adaptation, campus orientation, resource support, instructor and staff counseling, transportation, and audio recording. In this way, it strives to ensure that education and learning environments and social areas can be used at the maximum level and smoothly for every individual and to ensure equality in educational environments.

At our university, there is access to the campus buildings by ramps and elevators and disabled toilets to ensure the convenience of physically disabled students. In addition, there is an elevator in front of the entrance of our university that allows physically disabled students to have easy access to public rail transportation (Ankaray).

You can access the TEDU Without Barriers web page:

Medical Center

Health services at our university are provided by a medical doctor and a nurse working full time at the Medical Center.

When TEDU members apply for health problems, the first examination and treatment services are provided at our Medical Center, and in cases requiring further examination and treatment, they are directed to health institutions in accordance with their social security. In emergencies, after the first aid is done, a referral to the hospital is provided. In addition to diagnosis and treatment services, health consultancy services are also provided at our Medical Center.

The Medical Center is located on the E Block Entrance Floor.

Student Societies

Student Communities, International Student Unions, Science Project Teams, and Sports Teams are organizations that are managed by students under the supervision of an academic advisor under the Dean of Students and have their own management, budgets, and inspection mechanisms. In addition to actively working communities, our students can apply to establish a university representation of new communities or a national/international institution on issues they think is a gap to be filled.

In addition, students who want to participate in competitions by carrying out scientific projects can establish a Science Project Team and carry out their studies.

Ataturkist Thought Club • Science and Technology Society • Dance and Musical Society • Outdoor Sports Society • EduAction Society • Economics and Finance Society • E-Sports Society • Photography Society • Gastronomy Society • Entrepreneurship and Innovation Society • Animal Friends Society • Need Based Map Society • Kaizen Society

Institute of Electrical and Electronics Engineers (IEEE) • International Association of Civil Engineering Students (IACES) • Model United Nations (MUN) • Sustainable Development Solutions Network (SDSN) • Model United Nations (MUN) • Sustainable Development Solutions Network (SDSN)

Science Project Teams

ALECTED • TEDU Aviation •

Sports Teams

Athletics (Men) • Basketball (Women & Men) • Arm Wrestling (Women & Men) • Ice Hockey (Men) • Dance (Women & Men) • Fencing (Women) • E-Sports (Men) • Football (Men) • Handball (Men) • Ski (Women & Men) • Archery (Women & Men) • Rugby (Men) • Indoor Football (Men) • Water Polo (Men) • Tennis (Women & Men) • Volleyball (Women & Men) • Swimming (Women & Men)

RadioTEDU

"Listen to the Difference, Feel Different"

In 2012, we started to work for establishing RadioTEDU. These works, which we started as a dream, have given results and today, we are broadcasting online 24/7. RadioTEDU is the product of a great teamwork. With great discipline, responsibility, and effort, our team turned RadioTEDU a platform that broadcast regularly. On our radio, our friends with different skills, professions, and views work by combining their creative abilities, efforts, and knowledge. You can listen to our radio on radiotedu.com or by downloading the RadioTEDU application, and you can reach us via Instagram and our website. We invite you to join us in order to open the door to different ideas on this path we continue with the motto of "Listen to the Difference, Feel Different".
