SECTION TWO
Principles on Teaching and Education

Objectives of Teaching and Education
ARTICLE 5
(1) The education offered at TEDU ELS aims at facilitating students with the necessary skills to be able to continue their academic studies in their departments more successfully, to follow and engage with publications and research related to their field of study, to actively participate in seminars or discussions, and to communicate fluently in social interactions beyond the classroom.

Period of Study
ARTICLE 6
(1) The period of study at ELS may vary depending on the level of the student determined according to the EPL result. Accordingly, the period of study at ELS is a minimum of one academic term and a maximum of two academic years. Students who meet the success conditions at the end of the Fall or Spring Semester can start their undergraduate program.

(2) The period of study for each of the Elementary, Pre-Intermediate and Intermediate levels at ELS is 8 weeks. For the Upper-Intermediate level, the period of study is determined according to the following conditions:
   a) Students placed in the Upper-Intermediate level at the beginning of the Fall or Spring semester study for 16 weeks.
   b) Students who are placed in the Intermediate level at the beginning of the Fall or Spring Semester and succeed at the end of the 8 week period are placed in the Upper-Intermediate level. The period of study for these students is 8 weeks. If they successfully complete Upper-Intermediate level, stages in Article 7 (2) g are followed.

(3) The period of study and the exam dates are announced in the Academic Calendar.

(4) The Summer School rules and regulations are determined by the ELS Executive Board.

Exemption from the ELS Program, English Placement Exam (EPL), English Proficiency
Exam (EPE)

ARTICLE 7

(1) Following students are exempt from the ELS program;
   a) Students who meet the criteria determined by ELS,
   b) Students who have documented the minimum required score at national or international exams determined by the Senate.
   c) Students who are nationals of English-speaking countries, or who have attended during the past three years and graduated from secondary education or higher education institutions in English-speaking countries where nationals of these countries have attended.
   ç) Students placed in the university through the Central Placement Exam are exempted from the TEDU ELS program provided that they have been exempted from the preparatory program or have successfully completed a preparatory program in the past two academic years at a university that offers 100% English medium instruction.
   d) TEDU Undergraduate Transfer Regulations are applied for students who are placed in TED University via transfer.

(2) Following procedures are applied to the students who are subjected to the ELS program at the beginning of each academic year:
   a) All newly placed students at TED University are admitted to EPL at the beginning of each academic year. According to the EPL results determined and announced by the ELS Executive Board, students are to be placed in one of the Upper - Intermediate (highest), Intermediate, Pre-Intermediate and Elementary (lowest) levels, respectively. Students who are determined to be at Upper-Intermediate level as a result of EPL also take the EPE. Students who have scored at least 65 (75 for English Language Teaching and English Language and Literature departments) out of 100 points from the EPE are exempted from the ELS program; Students who have scored 64 and below start their study at the Upper-Intermediate level at ELS.
   b) Students who have studied at Elementary, Pre-Intermediate or Intermediate levels in the previous academic year, as well as the students who have failed at the Upper-Intermediate level and not qualified for the EPE are to take the EPL at the beginning of the next academic year. In case they did not take the exam, they are to be placed in the next level of the one they have
c) completed successfully.

d) Effective as of the Academic Year 2023/2024, students who have successfully completed the _Upper-Intermediate_ level at the end of the previous academic year or who have studied in the _Upper Success_ classes but failed the EPE are to take the EPE at the beginning of the new academic year, without taking the EPL. Students who have scored at least 65 (75 for English Language Education and English Language and Literature departments) out of 100 points from the EPE are exempted from the ELS program. Students who have scored 64 or less on this exam are placed in _Upper Success_ classes. Students placed in _Upper Success_ classes are not expected to achieve level success (at least 60 points in the semester evaluations), but they are expected to fulfill the attendance requirement to qualify for the EPE.

e) Students whose levels have been determined via EPL and/or EPE cannot take another EPL and EPE in the same semester.

f) Make-up exams are not available for those who did not take the EPL and EPE for any reason.

g) Students who were eligible to take the EPL at the end of the Fall Semester of the Academic Year 2022/2023 but have failed the exam are to be placed in the _Upper Success_ classes in the Spring semester.

h) Students who have studied at the _Upper-Intermediate_ level, have met the attendance requirement and have received 90 points or more (continuous assessment and the final exam) throughout their study at Upper-Intermediate level are entitled to start their undergraduate programs without taking the EPE. Students who have met the attendance requirement and scored between 60 and 89 (continuous assessment and the final exam) are required to take the EPE in order to start their undergraduate programs. The final grade of the students is calculated by adding 40% of the points they have collected through the assessments made in the _Upper-Intermediate_ level where they have last studied, and 60% of their EPE score. As a result of this process, students who have scored at least 65 (75 for English Language Education and English Language and Literature departments) start their undergraduate programs.

i) Students who did not meet the attendance requirement and/or scored 59 and below in the semester assessments are required to repeat the level they have failed.

j) The conditions for taking the EPE, which is held three times in an academic year, are as follows;
   - Students who are at the _Upper-Intermediate_ level according to their EPL results can take the EPE held at the beginning of the Fall Semester.
• Students who have successfully completed the Upper-Intermediate level and Upper Success students who have met the attendance requirement can take the EPE held at the end of the Fall Semester.

• Students who have successfully completed the Upper-Intermediate level and Upper Success students who have met the attendance requirement can take the EPE held at the end of the Spring Semester.

(3) Differences on the basis of programs for exemption from the ELS program are indicated in the EPE equivalence table determined by the University Senate.

Students who score at least 60 points out of 100 at the end of the level (the sum of in-semester and end-of-semester evaluations) and meet the 85% attendance requirement advance to the next level. Students who succeed in Upper-Intermediate level are eligible to take the EPL.

(2) To determine the success of the students, several tests are conducted depending on the level. The type and number of these tests are determined by the ELS. These tests include a short assessment (mini quiz), midterm assessment (quiz), written and spoken outcome, midterm (during 16-week Upper-Intermediate level) and the final exam.
