Skills, Personal and Professional Development

Supervision and teaching

I worked as a teaching assistant for Systematic research review at the MSc level in 2018-2019.

I was assigned as a scientific mentor to two BSc students at the University of Leeds in 2018-2019.

I was assigned as a scientific mentor to two BSc students at Boğaziçi University in 2020.

I have been giving lectures varying from Introduction to Psychology to Research Technics to undergraduate level in Ardahan University since 2019.

Administrative Jobs

I have been assigned to be the Head of the Psychology Department at Ardahan University since 2022.

I have been working as a vice president of the Career Centre at Ardahan University

Statistical Skills

Throughout my MSc and Ph.D., I have learned how to use E-Prime, MATLAB, and python to collect data for experimental and cross-sectional studies. I have also advanced in SPSS and R to analyse experimental and confidential data.

Research Skills

I have collected data using an electroencephalogram for two experiments that have been published in two different international journals as research articles.
